

# intermediate position module

## DADM-EP-G6-16

Part number: 1478121

FESTO

### Data sheet

| Feature                                 | Value   |
|---|---|
| Size                                    | 16  |
| Assembly position                       | Any   |
| Design structure                        | guided motion sequence  |
| Position detection                      | For proximity sensor  |
| Operating pressure                      | 3 ... 6 bar   |
| Max. impact speed                       | 0.8 m/s   |
| Max. swivel time                        | 150 ms  |
| Repetition accuracy                     | ±0,02 mm  |
| Operating medium                        | Compressed air in accordance with ISO8573-1:2010 [7:--]                     |
| Note on operating and pilot medium      | Lubricated operation possible (subsequently required for further operation) |
| Corrosion resistance classification CRC | 1 - Low corrosion stress  |
| Ambient temperature                     | 0 ... 60 °C   |
| Max. stop force                         | 1,100 N   |
| Product weight                          | 340 g   |
| Mounting type                           | With through-hole and centring sleeve                                       |
| Pneumatic connection                    | M5  |
| Materials note                          | Conforms to RoHS  |
| Material seals                          | PU  |
| Material housing                        | Wrought Aluminium alloy   |
| Material lever                          | High alloy steel, non-corrosive   |
