

## **ITEC** MULTI-PURPOSE SPRAY ADHESIVE

### ITEM: SPRAYGLUE

[SAFETY DATA SHEETS ON-LINE](#)

Spray glue is a non-reusable multi-purpose spray adhesive.

Ideal for many types of gluing, It can withstand up to 200°C

Suitable for bonding paper, cardboard, wood, fabrics, leather, plastic, glass, fibers, rock wool and absorbent materials.

Tech. Code		Package	Quantity ml	
J1330400		Spray can	400	12

## GASKET MASTICS

### ITEM: 0019

[SAFETY DATA SHEETS ON-LINE](#)

Suitable for positioning and fixing all types of traditional gaskets, resistant to coolant, oil, petrol and pressure.

Tech. Code		Package	Quantity ml	
J1340200		Jar	200	6

## LIQUID GASKET

### ITEM: 0012

[SAFETY DATA SHEETS ON-LINE](#)

Suitable for making gaskets for mechanical couplings, resistant to water, mineral oils, fuel, diluted acids and fats.

Tech. Code		Package	Quantity ml	
J1345065		Tube	65	6

## RED SILICONE AUTO-LEVELING GASKETING

### ITEM: 596

[SAFETY DATA SHEETS ON-LINE](#)

Suitable for flexible assembly and sealing with clearance up to 8 mm, resistant to high temperatures (-55°C +250°C).

Tech. Code		Package	Quantity ml	
J1347080		Tube	80	6

## RED SILICONE AUTO-LEVELING GASKETING

### ITEM: 0096

[SAFETY DATA SHEETS ON-LINE](#)

Suitable for making gaskets for mechanical couplings that operate in difficult conditions, resistant to high temperatures (-70°C +250°C) with peaks of up to 300°C. Vulcanizing at environment temperature, excellent resistance to water, moisture and oil.

Tech. Code		Package	Quantity g	
J1350060		Tube	60	6
