

Grinding and polishing stones

Gesswein® EDM BLUE

Premium aluminium oxide stones. The hardest Gesswein® stones. Ideal for use with hand-filing machines and ultrasonic polishing systems. As these stones are a lot harder than the EDM series, they are better suited for the quick removal of hard erosion skin. Optimum results in conjunction with fluid.

Grinding and Polishing Stones Gesswein® EDM BLUE

	Part No.	Dimensions	Grit size	Type	
Square	M-15312	4 x 4 x 100 mm	120	EDM BLUE 61	12
	M-15314	4 x 4 x 100 mm	180	EDM BLUE 62	12
	M-15316	4 x 4 x 100 mm	220	EDM BLUE 622	12
	M-15318	4 x 4 x 100 mm	320	EDM BLUE 63	12
	M-15320	4 x 4 x 100 mm	400	EDM BLUE 64	12
	M-15322	4 x 4 x 100 mm	600	EDM BLUE 66	12
	M-15324	6 x 6 x 150 mm	120	EDM BLUE 6122	12
	M-15326	6 x 6 x 150 mm	180	EDM BLUE 6182	12
	M-15328	6 x 6 x 150 mm	220	EDM BLUE 6202	12
	M-15330	6 x 6 x 150 mm	320	EDM BLUE 6302	12
